vid

Åskådnings,-Tanke- och Tale-Öfningar,

af

Fredrik Sandberg,

Folkskoleinspektör.

Förläggare och Utgifvare

Lithografiska Aktie-Bolaget i Norrköping.

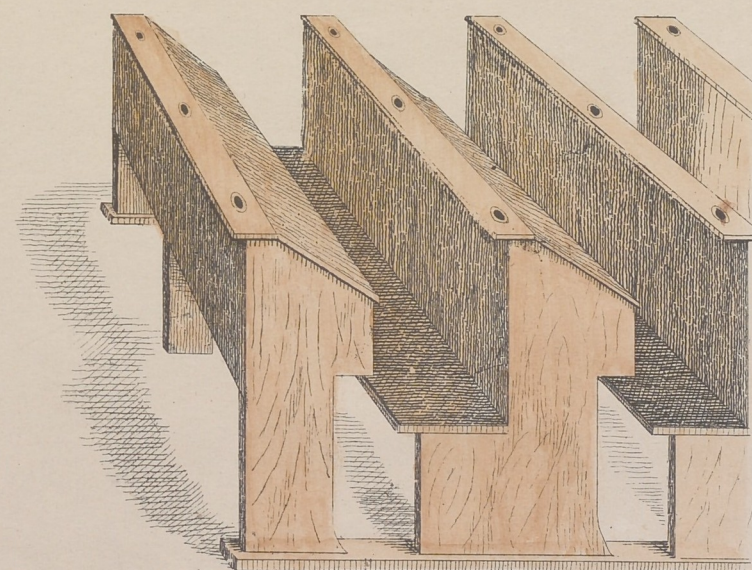

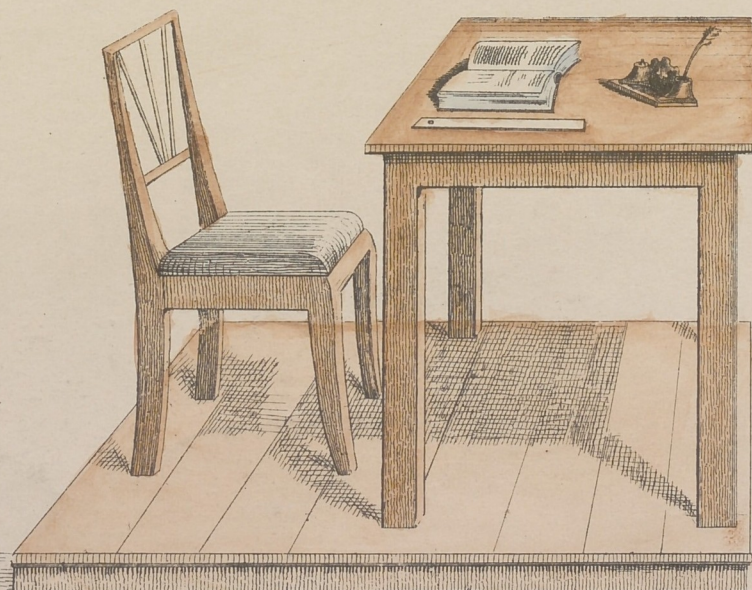

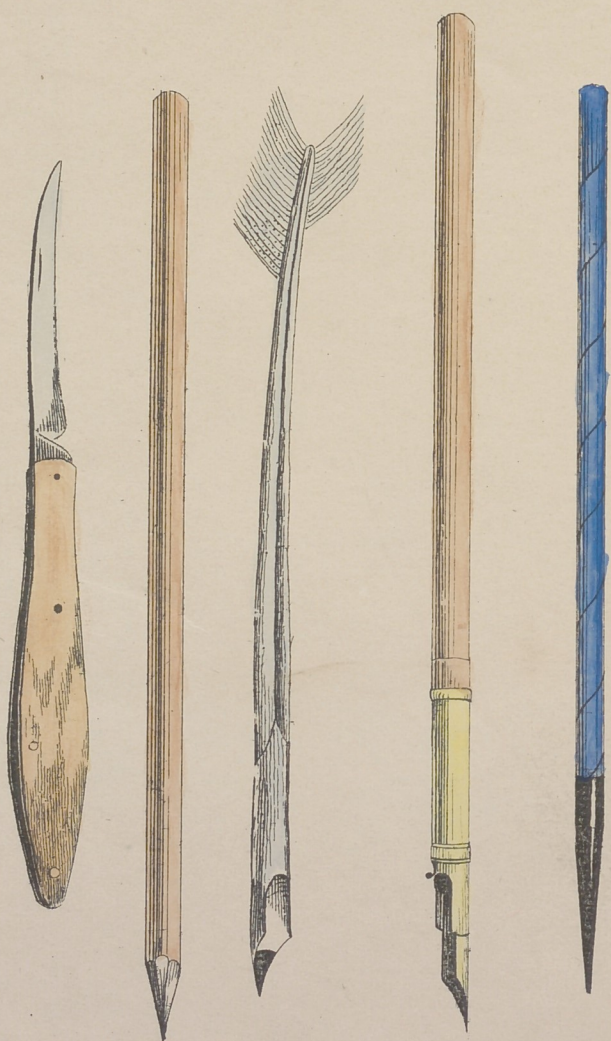

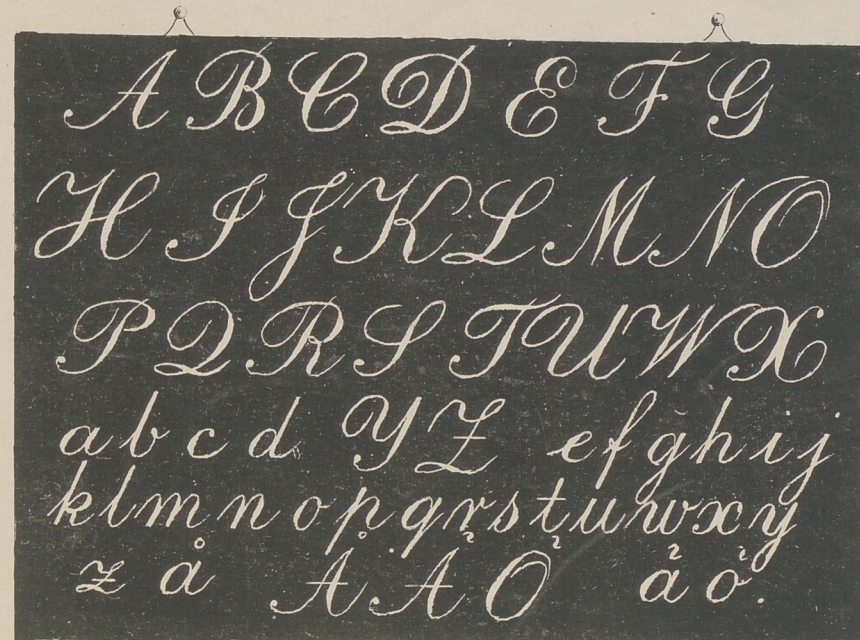

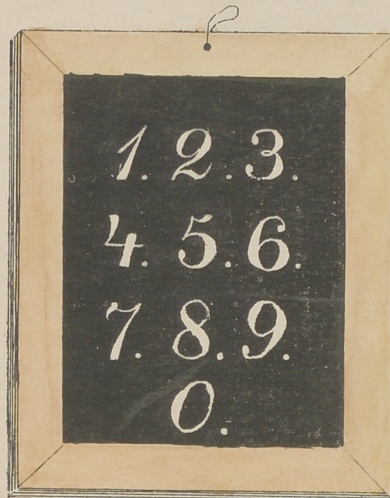

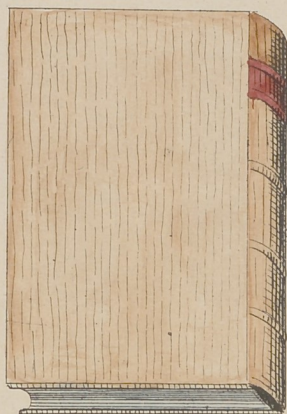

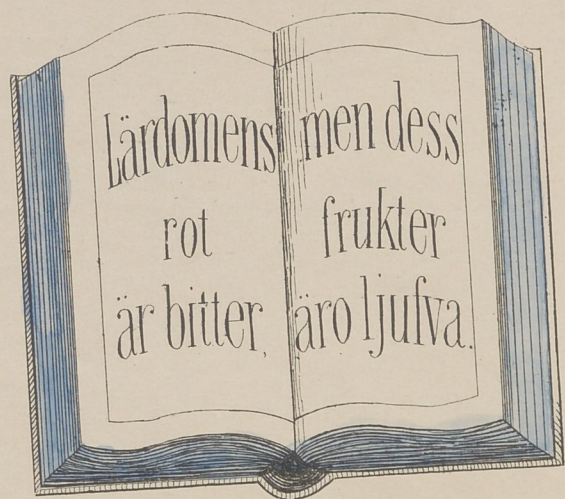

Dessa Bilder-Ark äro närmast afsedda att utgöra en ledning vid de Åskådnings-, Tanke- och Tale-öfningar, hvartill undertecknad i 1:sta häftet af "Små-Skolan" sökt lemna en anvisning, men kunna naturligtvis äfven begagnas sjelfständigt och i den egentliga Folkskolan. Åtskilliga af dem torde nemligen gifva rikligt stoff till samtal äfven med sådana lärjungar, hvilka hunnit öfver Små-skolans kunskapsmätt.

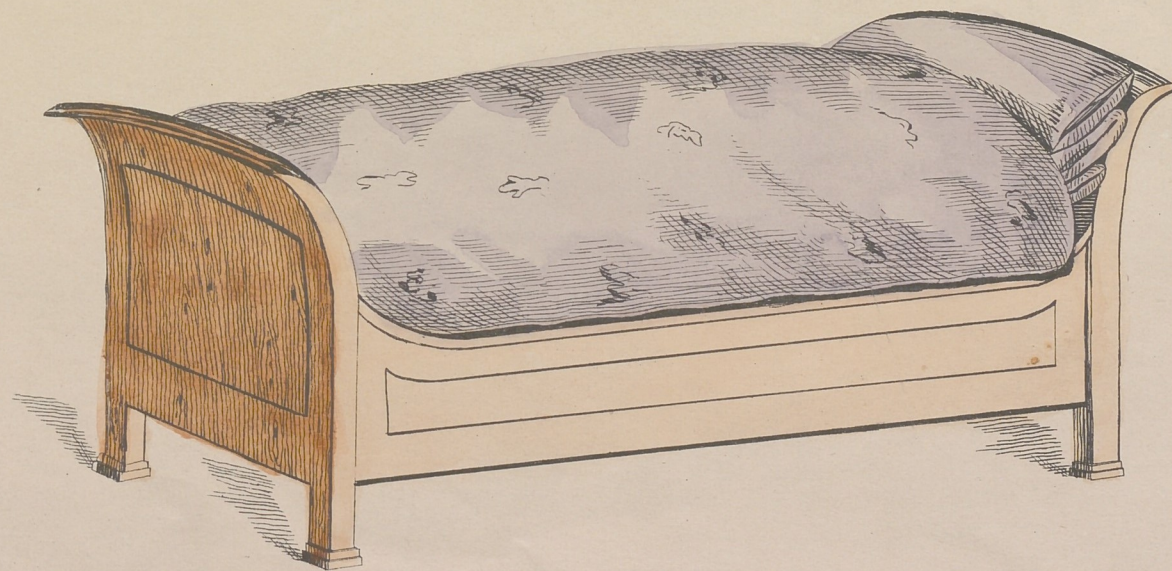

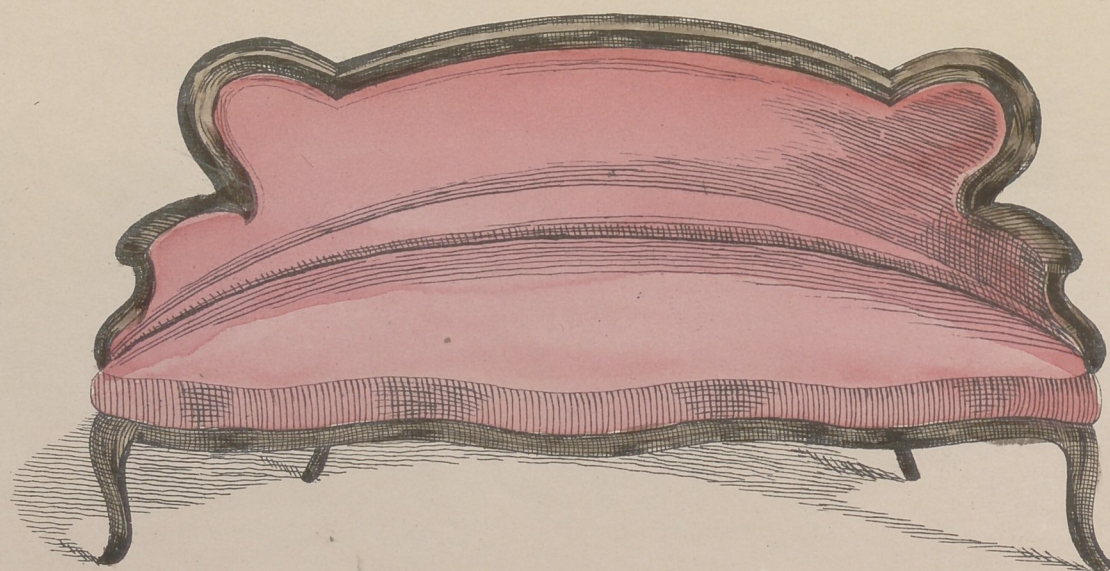

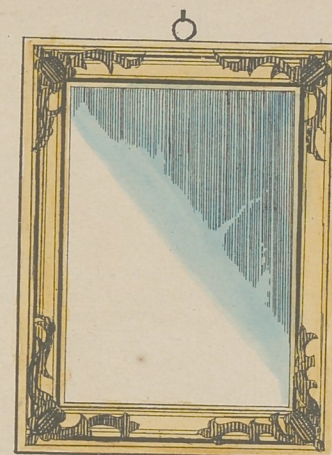

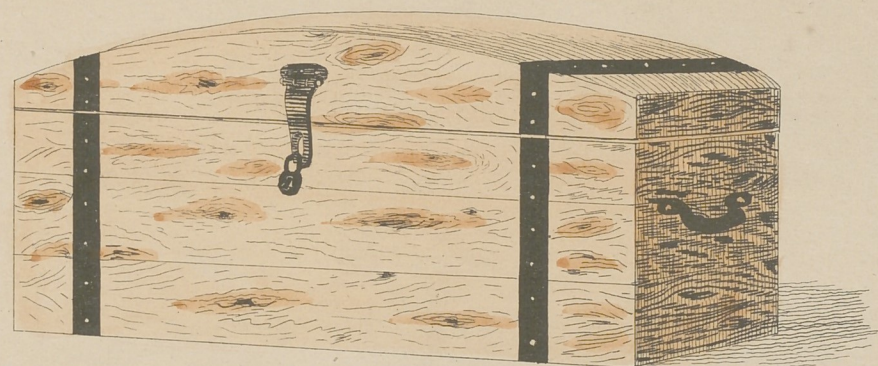

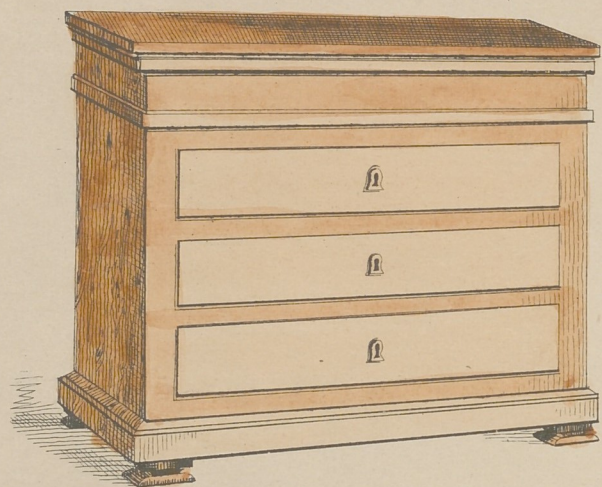

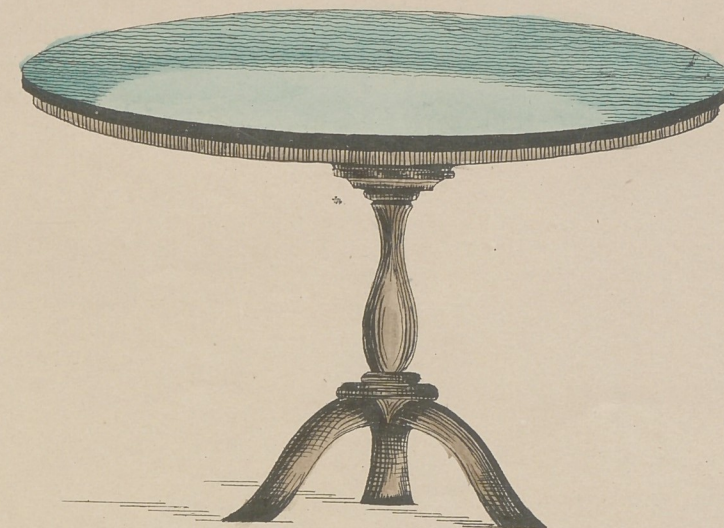

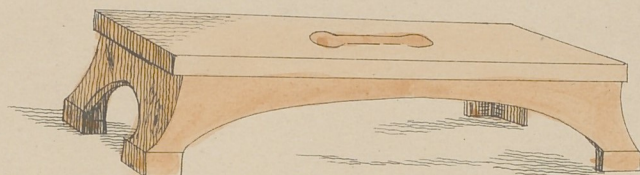

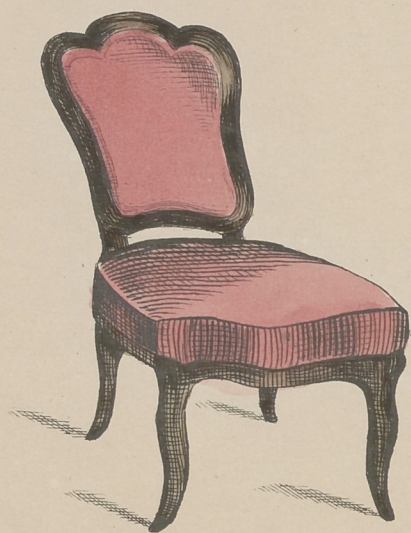

Man har bemödat sig göra teckningarna så naturofvertrogna som möjligt, ehuru det ändamål, hvilket med dem åsyftas, icke betingat någon, i alla detaljer gående strängt vetenskaplig noggrannhet. Att emedlertid dessa Bilder-Ark, äfven om de skulle underkastas granskning från annan ståndpunkt än Små-Skolans, icke alldeles torde vara utan värde, derföre har jag trott mig ega en borgen uti det välvilliga och sakrika biträde en i ämnet väl bevandrad person lemnat vid desammas utförande, och hvilket biträde det är mig en kär pligt att offentlig och med tacksamhet erkänna.
